FL200RFS Card Lock

- **World Compact Design**
With world compact design, made our FL200RFS more easier for installation; silver color, made it elegant for different places, like office building, bank, financial institutes, government, villa etc.
- **Mirco Wave Technology**
We adopt advanced mirco wave from the U.S., make this be Card user' s favorite.
- **LED Light and Sound for Operation Indication**
LED light flash blue and red for different operation, with the buzzer sound, this is very convenient and amazing.

- **Passage Mode Function**
FL200RFS support always opening function, this is very popular for officer when they have the meeting.
- **Support Four Ways to Open the Door**
Our smart lock support right hand open, left hand open, right hand reverse open and left hand reverse open.

- **Made of Stainless Steel 100%**
We use Stainless steel 100% to make our FL200RFS have strong corrosion resistant. This is always user' s love in Beach Resort, Cruised and Buildings beside the coastal cities.

- **Door Sensor Function**
When closing the door, if the latch can not be out completely, FL200RFS will alarm.
